

## One Pallet, One Community (1P1C)

One Pallet, One Community (1P1C) is a grassroots program initiated by True North Aid that encourages Canadians to meet the specific, tangible needs of a remote and northern Indigenous community in Canada.

This is accomplished by a group of volunteers hosting a short-term collection drive that fills a minimum of one pallet.

Throughout the collection process, the volunteer collectors are encouraged to educate those around them about the community they are collecting for, and True North Aid's humanitarian mandate.

### You will...

- Commit to a collection
- Find volunteers
- Establish a location and time frame
- Advertise
- Learn about the recipient community
- Help fundraise shipping costs
- Assist True North Aid with collection metrics

### We will...

- Provide thorough instruction
- Provide marketing assets
- Liaison between the volunteer collector and recipient community
- Organize shipping
